Summary

Aspiring Software Development Engineer with a solid foundation in Computer Science, Data Structures, and RDBMS, complemented by practical experience in full-stack web development and AI-powered projects. .

Education

Malout Institute of Management and Information Technology (MIMIT)
Bachelor of Technology in Computer Science & Engineering

2023 – 2027
Malout, Punjab, India

Experience

Academic & Personal Project Experience

2023 – Present

Web Development & Programming

- * Developed responsive web pages using HTML, CSS, and JavaScript with focus on clean UI design.
- * Built reusable frontend components using React.js and modern styling frameworks.
- * Applied Bootstrap and Tailwind CSS to create mobile-friendly layouts.
- * Practiced programming and problem-solving using C and C++ along with basic data structures.

Projects

Student Task & Study Planner Web App

2024

React.js, JavaScript, HTML, CSS

- * Developed a web application to help students manage daily tasks and study schedules efficiently.
- * Implemented features such as task creation, deadlines, priorities, and progress tracking.
- * Designed a responsive and user-friendly interface with clean UI and dark/light mode support.
- * GitHub: github.com/sheikhjishan/study-task-planner

Expense Tracker Web Application

2024

React.js, JavaScript, CSS

- * Built an expense tracking web app to record and manage daily expenses with category-wise organization.
- * Displayed monthly expense summaries and maintained data using browser storage.
- * Focused on dashboard-style UI and responsive design for better usability.
- * GitHub: github.com/sheikhjishan/expense-tracker

Personal Portfolio Website

2024

HTML, CSS, JavaScript, React.js

- * Designed and developed a responsive personal portfolio website to showcase skills, projects, and contact details.
- * Implemented modern UI components, smooth navigation, and mobile-friendly layouts.
- * Used component-based architecture in React.js for better maintainability.
- * GitHub: github.com/sheikhjishan/portfolio-website

Technical Skills

Programming Languages: C, C++, JavaScript

Frontend Technologies: HTML, CSS, React.js, Bootstrap, Tailwind CSS

Backend Technologies: Node.js, Express.js **Design & UI Tools:** Canva, UI/UX Design Principles

Computer Fundamentals: Data Structures, C Programming, Data Entry

Tools: Git, GitHub (basic), VS Code

Achievements & Certifications

Achievements: Completed multiple academic and personal web development projects using HTML, CSS, JavaScript, and React; actively practiced data structures and programming concepts using C and C++ as part of coursework.

Certifications: Object Oriented Programming; JavaScript; React; Basics of SQL; Java
